- Donations Since Previous Meeting: Teacher Housing Project \$600.00 and donation from Shaw School foundation in the amount of \$1,285 for Washington, DC, final field trip expenditures.
- Resolution 2024-8 Declaring Property Surplus to the District.
- 5.2. Review and Discussion of NWESD 189 Business Manager Contract: Superintendent McVeigh stated that this should be an action item. Director Lange moved to approve the Business Manager Contract with NWESD 189; Director Klohr seconded the motion. The contract was explained and discussed. Two months ago, the San Juan County Auditor Natasha Warmenhoven informed the junior taxing districts in the county that the Auditor's Office would no longer process payroll for those districts beginning in January 2025. They would continue to process accounts payable warrants, but would not provide any services currently associated with accounts payable and budgeting. Superintendent McVeigh and Deanna Shannon met with NWESD 189 to discuss what services NWESD could provide to the district. NWESD could provide services for both payroll and accounts payable, with Deanna doing accounts payable duties as appropriate. The annual contracted amount would be \$16,044. There would also be a \$4,500 startup fee. Ms. McVeigh recommended approval of the contract citing that although the cost was higher than expected, NWESD was familiar with the needs of a school district, and using their system decrease the workload for the district as work currently done manually would be automatically generated. The chair called for a vote and the motion carried unanimously.
- 6. Unfinished Business:
  - 6.1. Teacher Housing Project Update:
    - The difficulty in getting a well driller to Shaw Island was discussed. Project Manager John Bingham would be working on getting a well driller as soon as possible.
    - Fundraising was discussed. The finance committee was working with Shaw School Foundation about the possibility of a GoFundMe account in order to be able to fundraise more broadly.
- 7. School Board
  - 7.1. School Board Directors' Reports: Director Klohr stated that Shaw School Foundation would hold its annual cider pressing fundraiser at the school on October 19<sup>th</sup>.
- 8. Adjournment: Director Lange moved to adjourn the meeting; Director Klohr seconded the motion; Chair Criss adjourned the meeting at 3:07 PM.

4.1.6. SIP

# SCHOOL IMPROVEMENT PLAN SHAW ISLAND SCHOOL 2024-2025

# Goal: (SMART – Specific, Measurable, Attainable, Relevant, Time-Bound)

By May 2025, grade 3 students will partner with the TK and kindergarten students to use the Engineering Design Cycle to print a 3D object utilizing a MakerBot printer. Teachers will provide demonstrated evidence of students' growth towards the goal in February and May 2025.

#### Problem of Practice:

Although students are engaged in curriculum aligned with Next Generation Science Standards, opportunities to authentically utilize the Engineering Cycle is limited.

### • Theory of Action:

We believe that the ability to use a 3D printer will engage students in the Engineering Design Cycle which will provide hands-on learning, foster creativity and independent thinking, and boost problemsolving skills. The opportunity to use a 3D printer will also inspire students' curiosity in STEAM (science, technology, engineering, art, math) and equip them with skills essential to their futures.

#### Relevant Data:

The Next Generation Science Standards (NGSS) were reviewed to assess the needs relative to our goal.

Policy: 3241 Section: 3000 - Students

# **Student Discipline**

#### Introduction/Philosophy/Purpose

The board focuses on the educational achievement of every student. The district holds high expectations for all students and gives all students the opportunity to achieve personal and academic success. The board intends that this policy and procedure be implemented in a manner that supports a positive school climate, maximizes instructional time, and increases equitable educational opportunities.

The purposes of this policy and accompanying procedure include:

- 1. Engaging with school personnel, students, parents, families, and the community in decisions related to the development and implementation of discipline policies and procedures.
- 2. Supporting students in meeting behavioral expectations, including providing for early involvement of parents and families.
- 3. Administering discipline in ways that respond to the needs and strengths of students and keep students in the classroom to the maximum extent possible.
- 4. Providing educational services that students need to complete their education without disruption.
- 5. Facilitating collaboration between school personnel, students, parents, and families to support successful reentry into the classroom following a suspension or expulsion.
- 6. Ensuring fairness, equity, and due process in the administration of discipline.
- 7. Implementing culturally responsive discipline that provides every student the opportunity to achieve personal and academic success.
- 8. Providing a safe environment for all students and for district employees.

#### **Rights and Responsibilities/District Commitment**

The board recognizes the negative and disproportionate impact of exclusionary discipline practices and is committed to:

- 1. Identifying and addressing discipline policies and practices that perpetuate educational opportunity gaps; and
- 2. Proactively implementing discipline practices that support students in meeting behavioral expectations without losing access to instruction.

The district will observe students' fundamental rights and will administer discipline in a manner that does not:

- 1. Unlawfully discriminate against a student on the basis of sex, race, creed, religion, color, national origin, sexual orientation, gender expression, gender identity, disability, or the use of a trained dog guide or service animal.
- 2. Deprive a student of the student's constitutional right to freedom of speech and press, the constitutional right to peaceably assemble and to petition the government and its representatives for a redress of grievances, the constitutional right to the free exercise of religion and to have the student's school free from sectarian control or influence, subject to reasonable limitations upon the time, place, and manner of exercising the right.
- 3. Deprive a student of the student's constitutional right to be secure in the student's person, papers, and effects against unreasonable searches and seizures.
- 4. Unlawfully interfere in a student's pursuit of an education while in the custody of the school district; or
- 5. Deprive a student of the student's right to an equal educational opportunity, in whole or in part, by a school district without due process of law.

This district's student discipline policy and procedure is designed to provide students with a safe, healthy, and educationally sound environment. Students are expected to be aware of and comply with this policy and procedure, including behavioral expectations that respect the rights, person, and

property of others. Students are also expected to pursue the required course of studies. Students and staff are expected to work together to develop a positive climate for learning.

**Development and review** 

Accurate and complete reporting of all disciplinary actions, including the associated student-level information and behavioral violations, is essential for effective review of this policy; therefore, the district will ensure such reporting.

The district will collect data on disciplinary actions administered in each school, as required by RCW 28A.300.042, and any additional data required under other district policies and procedures.

The district will ensure that school principals confer with certificated building employees at least annually to review the district's discipline standards and review the fidelity of their implementation.

School principals will ensure teachers and other school personnel receive adequate support to effectively implement a continuum of identified best practices and strategies that:

- 1. Focus on prevention to reduce the use of exclusionary discipline practices;
- 2. Allow the exercise of professional judgment and skill sets; and
- 3. May be adapted to individual student needs in a culturally responsive manner.

School principals will confer with certificated building employees at least annually to establish criteria for when certificated employees must complete classes to improve classroom management skills.

The district will periodically review and further develop this policy and procedure with the participation of school personnel, students, parents, families, and the community. As part of this development and review process, the district will use disaggregated data collected under RCW <u>28A.300.042</u> to monitor the impact of student discipline practices as well as to improve fairness and equity in the administration of student discipline.

Discipline data must be disaggregated by:

- 1. School.
- Student groups, including by gender, grade level, race/ethnicity (including further disaggregation of federal race and ethnicity categories in accordance with RCW <u>28A.300.042(1)</u> and <u>CEDARS</u> Appendices Y and Z), low-income, English language learner, migrant, special education, Section 504, foster care, and homeless.
- 3. Behavioral violation.
- 4. Discipline types, including classroom exclusion, in-school suspension, short-term suspension, long-term suspension, emergency removal, and expulsion.

The District will follow the practices outlined in guidance from the <u>Race and Ethnicity Student Data Task Force</u> when disaggregating broader racial categories into subracial and subethnic categories. The District will consider student program status and demographic information (i.e., gender, grade-level, low-income, English language learner, migrant, special education, Section 504, foster care, and homeless) when disaggregating student race and ethnicity data to identify any within-group variation in school discipline experiences and outcomes of diverse student groups. This process may include reviewing data to prevent and address discrimination against students in protected classes identified in chapters <u>28A.640</u> and <u>28A.642</u> RCW, however, the District will ensure it reviews disaggregated discipline data in accordance with WAC 392-190-048 at least annually.

Distribution of policies and procedures

The district will make the current version of this policy and procedure available to families and the community. The district will annually provide this policy and procedure to all district personnel, students, parents, and families, which may require language assistance for students and parents with limited-English proficiency under Title VI of the Civil Rights Act of 1964.

The district will ensure district employees and contractors are knowledgeable of this student discipline policy and procedure.

**Application** 

This policy and accompanying procedure will be construed in a manner consistent with Washington law as stated in WAC 392-400-020.
